## Legendary Screed Performance

### LeeBoy Legend Screed System

Our popular Legend Screed, standard on the 7000 series, comes with two propane burners on the main screed and one burner on each extension. The wear plate is made of 3/8 inch AR 400 steel, a special long-wearing, hardened material that is bolted on for easy replacement. The hydraulic screed extensions, unique to the LeeBoy Legend Screed System, are mounted in front of the main screed and are easily adjustable resulting in a seamless mat at paving widths up to 13 feet.

## Unique Hopper/Feeder Design

### Wide Conveyors

All 7000 conveyor pavers are equipped with two 36-inch wide automatic conveyors — the widest in the industry. These conveyors deliver asphalt more evenly and efficiently to produce a smooth asphalt mat.

### Hydraulically Raised Hopper Bed

The conveyor bed can be lifted hydraulically allowing the paver undercarriage and tracks to be easily cleaned and serviced.

## Premium Power Train

### Hatz Silent Pack Diesel Engine

The standard 56 HP engine reduces excess noise and allows residential jobs to be completed quietly.

### Planetary Drive System

Variable planetary drives provide power directly to the tracks for a smoother operation.

## Electronic Controls

LeeBoy 7000 Series Pavers may be equipped with a full line of automatic grade controls:

- Electronic Grade (Joint Matchers)
- Dual Electronic Grade
- Grade and Slope

The Joint Matcher automatically matches joints whether it is multiple passes on a parking lot or a two-lane street or road. The Dual Grade Controls automatically maintain a set depth on both ends of the screed. The Grade and Slope Controls maintain a set depth on one end of the screed and a set slope to the other end of the screed.

## Configuration Checklist

	<b><u>7000</u></b>
56 HP Hatz Diesel Engine	✓
8- to 13-foot Legend Screed System	✓
3,200 VPM Vibratory System	✓
Hydrostatic Drive	✓
Under Auger Cut-off Doors	✓
Safety Beacon	✓
Wired for Sonic Augers	✓
Electric Screws	✓
Night-operating Light Package	optional
Sonic Auger Controls	optional
Electronic Grade (Joint Matcher)	optional
Dual Electronic Grade	optional
Grade and Slope	optional
Laser Tracker Controls	optional
Truck Hitch	optional

# Specifications

		7000 Track Low-Deck
<b>Paving Width</b>	Basic	8'-13' (2.44 - 3.96 m)
<b>Hopper Capacity</b>		6 tons (5,443 kg)
<b>Speed</b>	Paving and Travel	0-220 fpm (67.1 mpm)
<b>Engine</b>	Make	Hatz Diesel
	Performance	56 HP (42 kw)
<b>Dimensions</b>	Weight	12,500 lbs. (5,670 kg)
	Length	12' 6" (3.76 m)
	Width (Transport)	8' 6" (2.6 m)
	Height	7' 0" (2.14 m)
<b>Capacities</b>	Fuel	13 gallons (49 l)
	Hydraulic	40 gallons (151 l)
